DARK PARK: the app that allows you to experience the wonders of nature at night.
EXPOSURE TO GREEN SPACE IS RELATED TO HEALTH
SOCIAL CAPITAL
MENTAL HEALTH
PHYSICAL ACTIVITY
HINDRANCES TO USING GREEN SPACE
PARK CLOSES AT DUSK
HENCE THE BIRTH OF DARKPARK!
Step 1: Register

DarkPark Registration

Kaitlyn
Olbrich
address
license no.

DarkPark will require registration confirming your local address, photo ID, license number, and other pertinent information.
Step 2: Locate Eligible Park

Once within a one-mile radius, parks eligible for use with DarkPark will appear on the map as available for access.
Step 3: Request Access Code

Use of a DarkPark eligible green space will require access by code, which expire within 2 minutes of the request.
Step 4: Enter Code in Gate

The app will then provide a six-digit access code to be entered into the keypad on the gate.
Step 5: Track Others

The app requires you to allow GPS tracking of your location prior to use, and allows you to be aware of the location of other park users.
Step 6: Leave before Expiration

The app will remind you of the amount of time you have left to remain in the park. Authorities will be notified of instances when users do not leave within the allotted time.
NEEDED FOR IMPLEMENTATION

• Buy the App
• Install Lock on Gate
• Contract with Local Authorities
ISSUES

• Not Everyone owns a smartphone
• Fences large enough to avoid jumpers?
• What if the gate is left open?
• Burden for Police Department
